Task: Media and Page Sections

To Learn: Learn common media and semantic page tags.

Task description: Study the following tags and attributes. Practice each one in a small HTML file.

- <header> — page or section header.
- <nav> — navigation.
- <main> — main content.
- <section> — content section.
- <article> — independent content.
- <aside> — side content.
- <footer> — footer.
- <address> — contact information.
- <figure> — media/content figure.
- <figcaption> — figure caption.
- <audio> — audio player.
- <video> — video player.
- <source> — media source.
- <track> — media text track.
- <iframe> — embedded page.
- <blockquote> — long quote.
- <q> — short quote.
- <cite> — work title.
- <code> — code text.
- <pre> — preformatted text.
- <kbd> — keyboard input.
- <samp> — program output.
- <abbr> — abbreviation.
- <time> — date/time.
- <details> — expandable content.
- <summary> — details title.
- <dialog> — dialog box.
- <object> — embedded object.
- <embed> — embedded content.
- <picture> — responsive image source.
